Set your Year 5 student on the path to success with our Term 4 courses!

At Pre-Uni New College, we're dedicated to equipping every child with the knowledge, skills, and confidence needed to excel in the selective school and independent school scholarship exams.

Our Term 4 courses are designed to give students the strongest possible preparation. With a focused and structured approach, they refine the essential skills assessed across all exam formats. Through engaging lessons and step-by-step practice, students build not only academic strength but also the exam strategies and resilience needed to perform under pressure.

We know that consistent, high-quality preparation makes a meaningful difference. Throughout the term, your child will develop a solid foundation that grows week by week. Enrol today and take the first step toward helping your child reach their full potential.

Year 5 WEMT Course

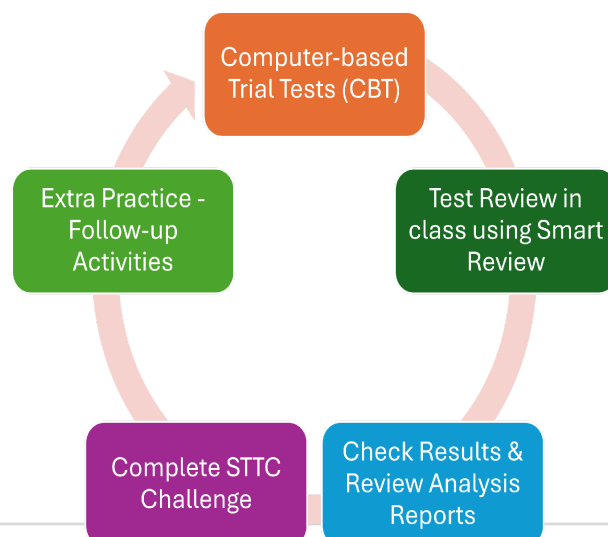

The Year 5 WEMT course delivers a carefully structured program designed to meet the demands of today's competitive academic landscape. Students engage in consistent weekly reading, practice exercises, and targeted skill-building activities that steadily deepen their understanding across all core areas. This approach builds genuine, long-term competency, and lays a strong foundation for success in selective school and independent school scholarship exams. By actively engaging with the WEMT course, students will gain:

- **Exam Readiness:** Strengthen essential skills in writing, reading, mathematical reasoning, and critical thinking to perform confidently in the selective school and independent school scholarship exams.
- **Effective Writing Techniques:** Learn to craft persuasive, creative, and analytical responses with clear structure and purpose.
- **Reading Comprehension Mastery:** Build confidence in key concepts, formulas, and problem-solving methods through progressive, well-scaffolded practice.
- **Maths Made Clear:** Develop a confident understanding of key concepts, formulas, and problem-solving techniques through clear and progressive practice.
- **Critical Thinking & Problem-Solving:** Enhance analytical reasoning and lateral thinking through engaging tasks that promote independent, logical thought.

Selective Trial Test Course (STTC)

The Selective Trial Test Course is a comprehensive preparation program designed for students aiming for the Selective School Placement Test. The exam is demanding, requiring not only strong content knowledge but also speed, strategic thinking, and the ability to stay calm under pressure. That's exactly why the STTC exists.

Each week, students sit a full trial test, review their performance, identify areas needing improvement, and complete targeted online follow-up activities that turn mistakes into meaningful progress.

YEAR 5 TERM 4 NEWSLETTER

Through consistent weekly practice, they encounter a wide range of question types across all subjects while building the strategies and confidence essential for exam success.

Key Benefits of STTC:

- ❖ **Practice Makes Perfect:** Regular, structured trial tests help students become deeply familiar with the exam format. By repeatedly working under timed conditions, they reduce anxiety and strengthen their ability to perform accurately and consistently when it matters most.
- ❖ **Detailed Feedback:** Students receive personalised, data-rich results through Cyberschool, allowing them to recognise strengths, pinpoint weaknesses, and monitor improvement over time. This ensures preparation is focused, efficient, and effective.
- ❖ **Writing Mastery:** Writing is a crucial component of the selective and independent school scholarship exams. Students benefit from expert, personalised feedback on their written responses, helping them refine structure, language, clarity, and ideas to produce high-scoring pieces.
- ❖ **Boost Your Performance with Cyberschool:** Cyberschool offers exclusive activities and resources designed to complement the STTC. From extra practice materials to targeted exercises, students gain the additional support needed to enter the exam fully prepared and confident.

STTC Test Format

To closely replicate the official Selective School exam experience, all STTC sessions are delivered in a **computer-based testing format**.

- **Devices Provided:** Each student completes their trial test on an individual device supplied by the college - no personal devices are required. This ensures all students use identical, fully configured equipment and can focus entirely on the test rather than technical issues.
- **Device Care Policy:** Students must handle their testing device responsibly throughout the session. Please remind your child of this expectation. Parents and guardians are liable for repair or replacement costs if a device is damaged due to careless handling or negligence.

STTC Make-Up Test Policy

If your child is unable to attend their scheduled class, they may complete a make-up test at our office within one week of the missed session. Make-up tests are self-paced and allow students to stay on track with weekly content. Please note that teacher-led reviews are not offered during make-up sessions.

STTC Fee Structure & Discount Offer

- **Standard Course Fee:** \$80 per session (per week).
- **Payment Terms:** Full tuition is payable before the term begins. Students enrolling mid-term will be charged a pro-rata fee for the remaining sessions.
- **Special Bundle Discount:** Enrol in both the full-term STTC and WEMT courses together at the same branch to receive a discounted STTC rate of \$72 per session. (Note: WEMT course fees are charged separately).
