2026 Term 1 begins on Saturday, 24th January.

Year 4 (in 2026) Term 1 courses are designed to ensure that students meet the high academic standards expected for forthcoming OC placement tests. For students who haven't yet enrolled in the OC Trial Test Course (OCTTC), we strongly recommend starting in Term 1. The exam date has been advanced to 8 & 9 May, making timely preparation crucial.

The OCTTC will teach students how to manage their time effectively, reduce mistakes, and perform their best on the OC placement tests.

The WEMT timetable has been updated to better align with the degree of new module contents.

Year 4 WEMT Course

Year 4 WEMT course is introducing the new modules with its updated curriculum. It requires a significant commitment of weekly module work to help students build a solid foundation for the 2026 OC exam.

- The **writing** module teaches students the most efficient ways in organising writing structure. **English** lesson will focus on reading skills, practising reading comprehension and multiple-choice questions. **Mathematics** lessons are essential for students to thoroughly understand mathematical theories, principles and formulas to solve problems. **Thinking skills** lesson covers a variety of practical, challenging and mind-stimulating questions in problem solving and critical thinking skills.
- **Choose the learning style that suits them best:** We offer two flexible WEMT course options:

Face-to-face WEMT
Learn directly from expert teachers in a dynamic classroom setting and access all Cyberschool resources.

OC Trial Test Course (OCTTC)

Year 4 OC Trial Test Course (OCTTC) is significant for students who will sit for the 2026 OC placement test. It provides weekly tests which enables assessment of knowledge and test performance.

- By taking OC trial tests on a weekly basis, students will be able to systematically build up their exam skills and be confidently prepared for the actual exam.
- The course consists of different types of questions and reflects the format, timing and conditions of the actual exam. It will help students to manage the test time efficiently, minimise errors, overcome exam nerves and perform at his or her optimum level.
- Students will attempt the mathematical reasoning & thinking skills tests in one week and reading tests in the following week, taking 2 weeks for a set of OC trial tests. After the test, students will go through the questions with teacher, putting more focus on difficult questions.
- Class time and location* are subject to change based on enrolment numbers.

Boost your OCTTC learning with Cyberschool:

The OCTTC goes beyond classroom learning with Cyberschool, our online learning platform packed with helpful features, allowing students to practice the computer-based tests at home.

Important Note: OCTTC students can only access the test questions during their scheduled OCTTC class sessions. While Cyberschool may offer limited access to review specific portions of test questions under certain conditions and policies, OCTTC does not provide take-home test papers.

- **Special D/C price*** offer is available only to the parents who enrol in both full-term Year 4 Term 1 OCTTC and WEMT course together at the same branch. Parents must pay the Year 4 Term 1 WEMT course fee separately. This offer cannot be combined with any other discounts, including scholarship discounts.
- **Scholarship Discount** is valid for full term payments **by 20th December 2025**.
- Sibling (family) discounts do not apply to the OC Trial Test Course (OCTTC).
- **Finishing Date**** is subject to change based on the scheduled date of the ASAT for OC event.
 - **Please consider this information when you enrol in the OCTTC:** Students can only access the OCTTC test questions during their scheduled class sessions. While Cyberschool may offer access to review specific portions under certain conditions and policies, this course does not provide take-home test papers.
